

## ANTIGONISH EDUCATION CENTRE List of School Supplies – 2019-2020 School Year

To assist you in your purchase of school supplies for the next school term, the following is a list of materials your child/ren will require. It is strongly recommended to place name tags on all your child/ren's belongings, school supplies, clothes, etc., to avoid losing them. This is a basic list, it is possible individual teachers may request a few additional items beyond this list for their class. Parents may wish to buy additional supplies when items are on sale. Teachers will let parents and guardians know when their child's supplies need to be replaced. Each child should have a pair of sneakers and shoes that they can leave in the school to wear in the classroom, particularly during the fall and winter months.
